MEDICINAL.

Baby Costs Too Much

When the price paid is the mother's health and happiness. The father doesn't realize as he romps with the child what years of wifely suffering must be set against the baby's laughter. Chronic invalidism is a high price to pay for the painful joy of maternity, yet it is at such a cost that many a woman becomes a mother. Such a price is too much because it is more than nature asks.

By the use of Doctor Pierce's Favorite Prescription maternity is made practically painless, and a quick convalescence is assured in almost every case. I am pleased to give my testimony and wish I could find words strong enough to induce other sufferers to use Dr. Pierce's Favorite Prescription. Had only used four bottles, also some of Dr. Pierce's Antiseptic and Healing Suppositories, when I felt like another person. I recommend Dr. Pierce's medicines to all my friends. If anyone wishes to write me I will gladly answer.

Dr. Pierce's Favorite Prescription contains no alcohol and is entirely free from opium, cocaine and all other narcotics. The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines. His profit is your loss; therefore, accept no substitute.

Dr. Pierce's Pleasant Pellets regulate the bowels.

Kaiser in Love with His Wife.

In military circles in Berlin there is great surprise, very subdued, but very intense, over the fact that the Kaiser is still much in love with his own wife. When the announcement of Crown Prince William's engagement to marry the Duchess Cecile was made at the dinner given by the emperor and empress to the personage of Schleswig-Holstein, the emperor with much fervor indirectly offered this toast to his imperial spouse, who, of course, was a Princess of Schleswig-Holstein. "Thanks to her charity for the poor and affection for the suffering; thanks to the manner in which she developed among our people religious sentiment and love of family, the image of the empress, as popular as that of Queen Louise of Prussia, is engraved in ineffaceable lines on the hearts of all her subjects. So in raising my glass to drink to the prosperity of Schleswig-Holstein I think especially on my well-beloved wife, noble daughter of this fine country which the sea laves with its waters. May God guard her, the first of all the women of Germany; may He preserve her, the benefactress of all, to be loved by all, even to the most remote time! Hurrah for Her Majesty! Hurrah for her province."

Her husband's loving words, more significant at the moment that their eldest child had chosen a bride, overcame Her Majesty with delighted emotions.

Sour Milk for Long Life.

According to an interview with Prof. Eli Metchnikoff, of the Pasteur Institute, in London, which appears in the October number of the Fall Mail Magazine, the nearest approach to the elixir of life is sour milk. Any person desiring to attain a ripe old age is recommended by the professor to follow the example of the Bulgarians, noted for their longevity, and consume large quantities of this cheap and easily obtained beverage. "Sour milk," states the professor, "contains a large bacillus remarkable for the great quantity of lactic acid it is capable of producing. This microbe does not exist normally in the human body and can be introduced with very great benefit to the health, as it preys on the hundreds of thousands of microbes which infest the large intestines. It has been noted that there is a great similarity between old age and disease. A study of certain diseases has proved that there is no difference between the mechanism of senile atrophy and that of atrophy caused by a microbe or poison; in fact, on the approach of old age a veritable battle is waged in the innermost part of the body."

Absence of Men at Church.

Rev. Dr. Henry E. Johnson, pastor of Laurel Street Methodist church, Richmond, preached a forcible sermon Sunday night to a large congregation, taking for his theme "The Neglect of Public Worship by the Men of Richmond." The preacher based his remarks on the eighth chapter of Ezekiel, the inner court of the Lord's house and behold, at the door of the temple, were about five and twenty men with their backs toward the temple of the Lord. Dr. Johnson said in part: "The absence of men from public worship is attracting serious attention throughout the country. A poll of the congregations in several of the large cities show that about seventy-five per cent of those attending church are women. Personal observations convince me that Richmond is no exception to this rule, and that in this matter we are not growing better, but worse. That this is an evil few will deny, but the nature and far-reaching extent of the evil, many fail to appreciate."

Staked His Life and Lost.

Charles E. Bliss staked his life Monday night in Sedalia, Mo., on a game of cards and lost. He paid the bet a few minutes later by committing suicide. Bliss, who was known as Charles E. Barlow, was 26 years old. His home was recently in Peru, Ind. He was the son of a Seven-Day Adventist preacher. Shortly before midnight Bliss called on "Ted" Moore, with whom he had become infatuated, and she challenged him to play a game of pitch. They took places at a table, when the woman asked: "What shall we play for?" Bliss replied: "I will stake my life against yours." "Ted" accepted the challenge and the cards were dealt. In a few minutes Bliss's pile of chips had disappeared. He put on his hat and with a cheerful goodby left the woman's apartments going direct to a drug store, where he purchased carbolic acid. Bliss died before a physician could reach his side.

Whale's Big Jump.

Did the whale really jump over the bow of the Buckman, or did it only strike the bow and fall back into the warm waters of the Gulf stream? This is a point on which Captain Mader, of the steamship Buckman, which arrived at Philadelphia Monday from Jamaica, and some of his men don't agree. The captain says that on Friday night, while his vessel was steaming along toward Philadelphia a giant whale suddenly appeared on the starboard side, and, rising

gracefully in the air, leaped clear across the bow of the Buckman, falling with a tremendous splash on the port side. Some of the crew shake their heads a little at this, but all agree that the big fellow jumped and that he was probably being chased by a sword fish. Whales were plentiful during the Buckman's trip, no less than 150 of them having been seen one day.

Better Than a Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts is better than a plaster for a lame back and for pains in the side or chest. Pain Balm has no superior to the health, as it preys on the hundreds of thousands of microbes which infest the large intestines. It has been noted that there is a great similarity between old age and disease. A study of certain diseases has proved that there is no difference between the mechanism of senile atrophy and that of atrophy caused by a microbe or poison; in fact, on the approach of old age a veritable battle is waged in the innermost part of the body."

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
